## Opening the Door for French Ministers in North America and around the world

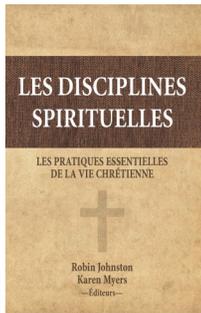

When the UPCI introduced the new ministerial license requirements in 2017, French-speaking applicants only had access to 10% (3 books) of the required reading for all levels of licensing. The General Board mandated the Quebec District to remedy this situation, and The King's Translators group was asked to coordinate the effort. Our goal is to have all 30 required books available in French by 2021. We are taking a measured approach to the process in order to have the highest quality possible.

The French language is spoken by approximately 9 million Canadians, mostly in the provinces of Quebec, Ontario, New Brunswick and Manitoba. Over 2 million French speakers live in the United States. Around the world, there are 57 nations with French-speaking people, for a total of approximately 220 million people, with over one-third being in Africa. By 2050, it is estimated that 800 million people will speak French worldwide.

Since March 2018, over \$100,000 in pledges have been received toward this ministerial reading translation project. Donors include individuals, churches, and departments in Quebec, elsewhere in Canada and in the United States. Currently, 10 team members from The King's Translators are involved in the project. Most authors have waived their royalties so that we can invest any book sale proceeds into more translation.

So far, 4 more books have been published, and 9 others have been translated and are in the queue for revision. Several others are in the process of being translated. We are on track for our 2021 completion goal, but will need additional funds to complete the ordination level. This is an investment that will pay huge dividends in North America and around the world as we equip our French constituency to evangelize and disciple Francophones. **If you would like to contribute to this project, offerings may be sent to: UPC of Quebec, Attention: Secretary William Price, P.O. Also, if you are in contact with French-speaking people, we would like to point out that these books, along with many others, are available as free PDF downloads on the French Literature Cooperative website: [www.flc-clf.com](http://www.flc-clf.com). As well, almost thirty of our apostolic French books are now available in printed format on Amazon at: [www.amazon.com/author/clf](http://www.amazon.com/author/clf). We are so grateful to every donor, author, translator and reviser who has committed to this worthy project. Thank you for helping us spread the Word in French!
