### EVEN WHEN CHURCH IS CLOSED, THE GOSPEL STILL WORKS!

A year ago, we all thought the pandemic would get cleared up shortly... but here we are, still under severe restrictions in the province of Quebec. Curfews, church closures or restrictions, no personal visits allowed... In the last twelve months, we have not been able to have in-person services in Quebec City except for three months in the fall of 2020.

But the Canadian vaccination program is progressing, so we're hoping for some relief soon. In the meantime, we have online services, as well as online prayer meetings twice a week. Bible studies are being taught and people are repenting, being baptized and receiving the Holy Ghost! So far in 2021, we have had 4 baptisms and are anticipating more.

The pandemic has also allowed more time for translation, another way to share the Gospel. Liane's team, The King's Translators, just wrapped up a 3-year project of translating into French all 30 books required for UPCI ministerial reading. **We are so grateful to authors who have waived their royalties so that we can invest in more apostolic translation!**

Since the local level was finished last year, we have had several new French ministers able to be licensed because of this translation work. Some of them are graduates of Purpose Institute, and we have been able to continue that training online through the pandemic.

Liane also wrote and published a book called *The 3-Hour Translation Team*. This is a practical guide to help missionaries and others in ministry create a team to translate into any language, based on the model of The King's Translators and Liane's doctoral research. **Check it out on Amazon!**

We provided baptism for this couple as an "essential service".

So far... our longest French translation: over 500 pages!
