We would like to share with you some great reports from the churches we are connected to in Quebec.

Montréal's South Shore

Since handing over our church plant in the South Shore to Pastor Hector Arriola last year, the congregation has continued to grow. The fellowship hall they were renting from the United Church was no longer big enough. As of last Sunday, they are now able to use the main sanctuary for service, which seats over four hundred.

During the process, the building manager was struggling with cancer and they were able to minister to him. Over a year ago, his doctor expected him to be dead within a few months, but he reports that the tumor has shrunk significantly and he is thankful for the prayers of God's people!

Trois-Rivières

Every Sunday we have new visitors in Trois-Rivières. Bagalwa and his family recently arrived

from a refugee camp in Africa. He was hungry for the Word of God, and after being taught a Bible study, was baptized in Jesus' name. He is thrilled to have found a church family.

Québec City

With the help of several of our Purpose Institute students, we have been getting the word out about our services in Quebec City. Many new contacts have been made and home groups are being started. Before Christmas, the students were doing outreach at Laval University. They taught a Bible study to two young men, and one of them received the Holy Ghost right there on campus!

Please be in prayer with us about Apostolic Youth Corps at the end of June. A group of over 60 people will be converging on Quebec City in a focused thrust of prayer and evangelism. Pray for God to prepare the hearts of unsaved people in the city, and also to anoint these dedicated young people to minister to them.
