A BUSY SUMMER !

The summer draws to an end and we reflect with gratitude on God's grace, but also on the continued need in an overripe harvest field. Barbecues have solidified growing friendships. Trips were taken with various volunteers into cities yet without a church, for prayer and to survey the possibilities. Services were held both in Montreal's South Shore and in Quebec City with varying results. Regardless of the number in attendance, we revel in the fact that every gathering re-sounded with a very tangible touch of the presence of God!

Summer Barbecue

We had students from various parts of the USA and one from Ghana who spent time this summer in Quebec strengthening their language skills. Pray with us that Apostolics in French immersion programs would realize that they are not just adding to their resume or preparing for a good government job: they are being uniquely prepared as a labourer in a needy field. Montreal is the 2nd largest French city in the world!

Outreach Service in Québec City

Whether working with the church in Trois-Rivières or teaching Leadership development lessons, the Lord has been with us in every step of this interesting journey. The French skills are progressing, according to those who have helped us transition to ministry "en français". It helps to be able to laugh at yourself! What a difference a year makes; much has been accomplished. Thank you so much for your support in this mission to reach the most unevangelized area in
